

Our goal is Zero-Waste Packaging by 2028

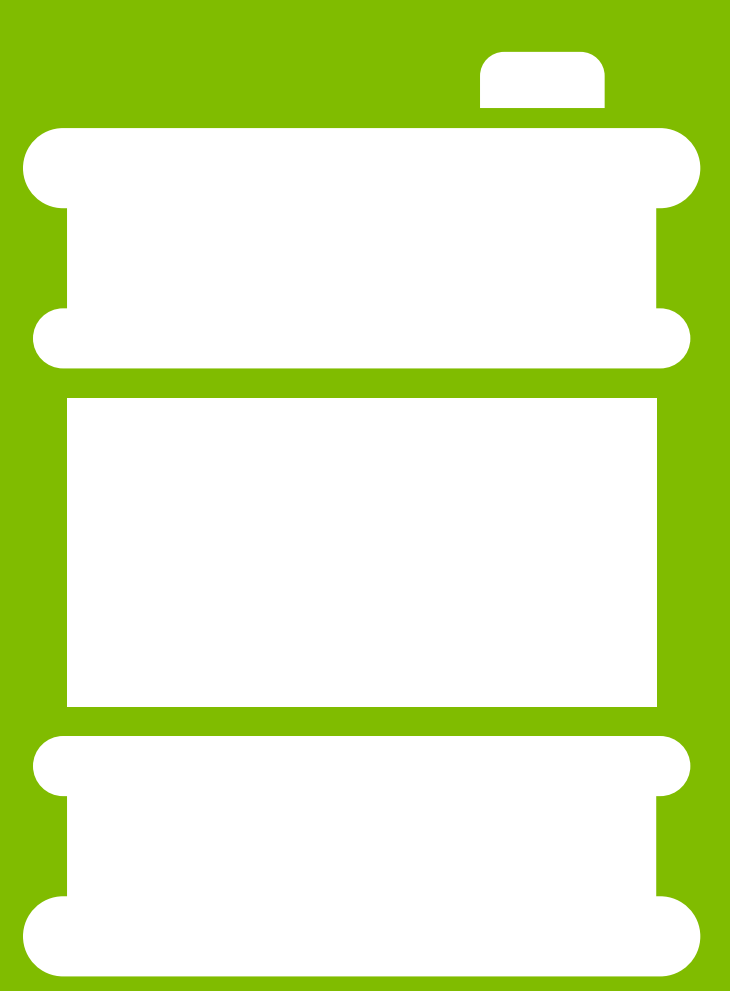

As of April 2018, all IsaLean[®] Shake canisters are being made of post-consumer recycled HDPE plastic.

Over 2018:

3,000,000

milk jugs worth of virgin plastic was avoided being produced

207,000

gallons of oil was saved

370

homes worth of energy to power for an entire year

31,000

gallons of gas and CO2 emissions from the use of an average car saved

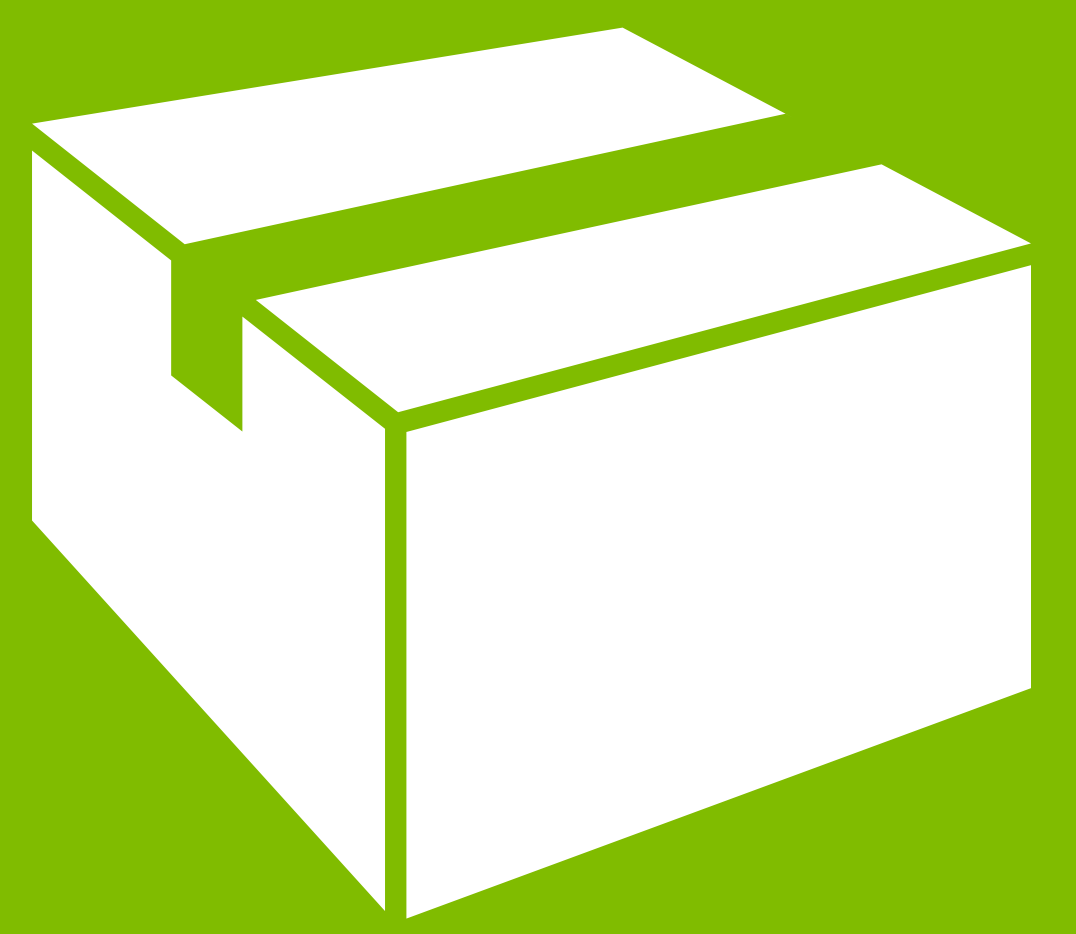

ISAGENIX[®]

LET'S TALK ABOUT BOXES

151 cardboard boxes can be made from a single tree

2,880,000 boxes were shipped by Isagenix in 2018 in the U.S.

THE POWER OF RECYCLING

If all the boxes shipped from Isagenix in the U.S. Were recycled we could save:

30,548 trees

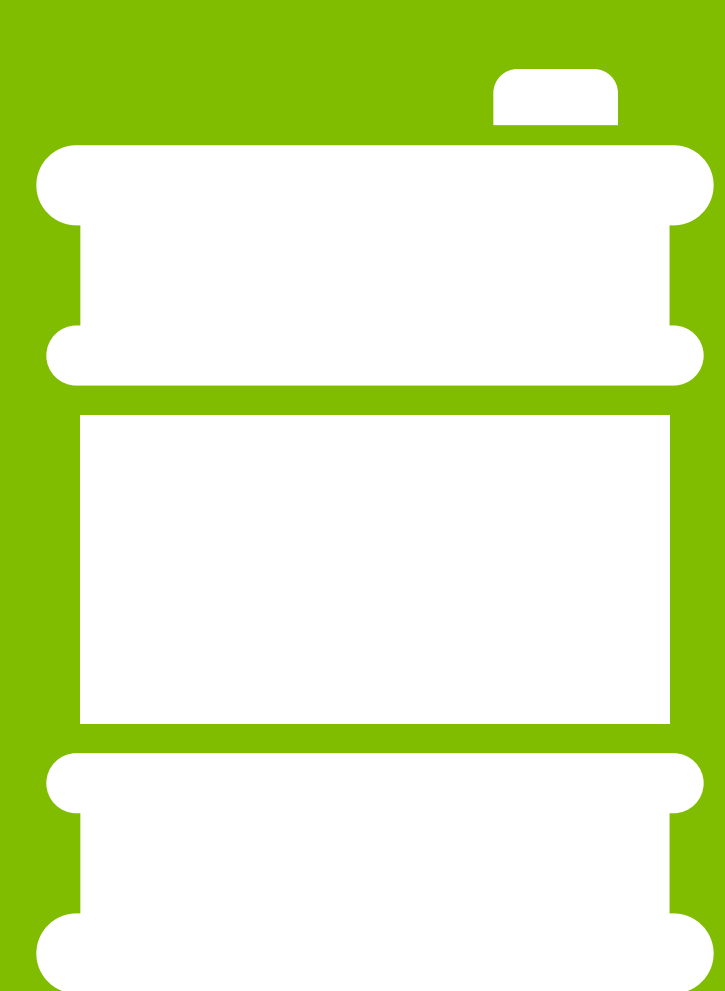

4,364 cubic yards of landfill space

113,464 gallons of air pollution

14,272,720 gallons of water

152,740 gallons of oil
