

# AMPED™ Tri-Release Protein

## Advanced Anytime Protein for Sustained Muscle Development

This three-protein blend plus patented Velositol® helps you build lean muscle, enhances your strength, and boosts your recovery time to give you the power you need to keep charging forward.

### Why do I need AMPED Tri-Release Protein?

#### Build lean muscle

A blend of three proteins plus patented Velositol® work together to enhance muscle protein synthesis — the body's natural process of building muscle upon exercise.

#### Recover faster

Tri-Release Protein offers a sustained amino acid release, which optimizes muscle recovery over time.

#### Created for your own schedule

Take Tri-Release Protein any time of the day — before you work out or after. Because when your workout is over, your body has a lot more to do.

### What makes this formula deliver these results?

#### Quality, no-compromise ingredients including:

- 25 grams of a fast-, medium-, and slow-release high protein blend
- With Velositol® to help maximise muscle protein synthesis
- Undenatured whey and milk proteins from grass-fed cows and egg white protein
- Made with natural ingredients and no artificial colours, flavours, or sweeteners

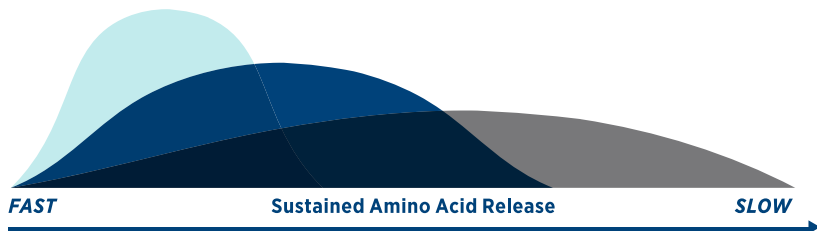

#### Flavours:

Chocolate Milk Flavour

Vanilla Custard Flavour

Whey Protein Isolate
  Egg White Protein
  Milk Protein Concentrate

Velositol® is a registered trademark of Nutrition 21, LLC and is patent protected.
