

Zija Pricing: Current Price and Revised BV

Like at Zija International, you must remain active to receive compensation. Active status with Isagenix requires at least 100 PV in the last 30 days. PV can be earned by purchasing products (for personal consumption or for resale to Retail Customers) or by sales to Retail Direct Customers through your Isagenix personal website. As Zija products are moved to the Isagenix catalog, we'll be assigning each product a BV value. Please see the point value conversions below for all your favorite products in your market.
