WHY TO APPLY FOR A RE-ENTRY

Re-entry positions allow you to grow and compound the earning potential of your Isagenix business.

Re-entry with Isagenix allows you to expand in a unique way so you have the ability to continue to advance with Isagenix. We have structured re-entry as an enhancement to the Compensation Plan to benefit our top business builders.

HOW TO ACHIEVE PLATINUM STATUS

Requirements

To apply for a re-entry position and earn Platinum recognition rank, you must:

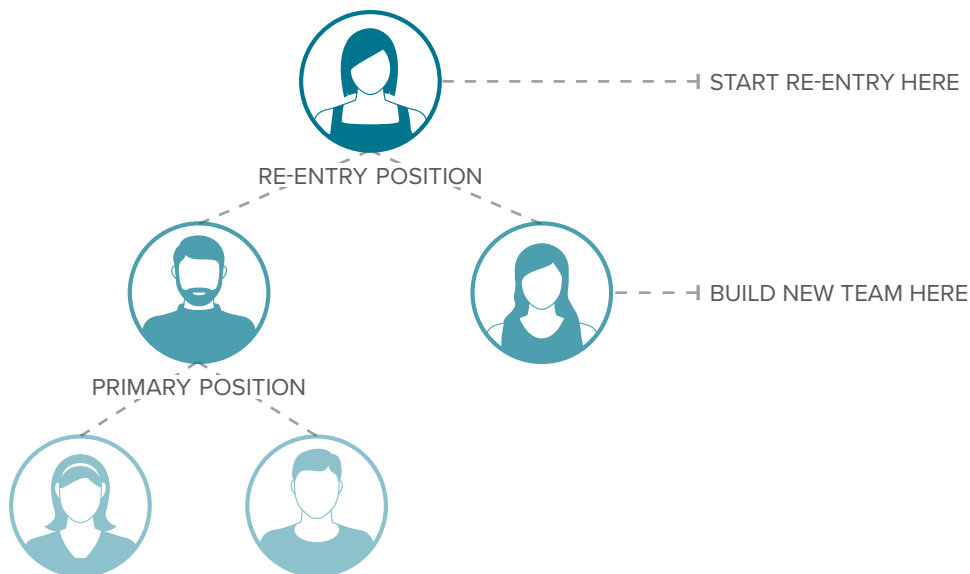

1. Be a Paid-As Executive for the previous three consecutive months.
2. Have an average of 225 cycles within thirteen weeks.*
3. Be in good standing with Isagenix.

Achieve Platinum Recognition Rank Through Re-Entry

If you are a qualified Paid-As Executive and you have built your primary position to the point of producing an average of 225 cycles within thirteen weeks, you have the opportunity to apply for a re-entry position. This new position will be organized immediately above your existing Primary Position with Isagenix as the Enrolling Sponsor.

The Primary Position becomes the outside leg to your new re-entry position. This means all volume may be leveraged from your Primary Position to help grow your new re-entry position.

Once each position reaches the minimum Cycle requirements, you can submit an application for an additional re-entry position. There is no maximum number of re-entry positions. If International Sponsorship is desired, you must apply for each position independently.

*Executive Matching Team Bonuses and PIB Cycles are not counted toward re-entry qualifications.

“ As long as people are suffering from physical and financial pain, why would we ever stop sharing Isagenix? The re-entry position offers us a unique opportunity to continue to empower people with the Isagenix products and business while also rewarding us for our efforts. As a trainer, speaker, and author in the profession of network marketing, I believe our Platinum program is the strongest in the industry. ”

– Susan Sly, Platinum & Isagenix Legacy Club Member**

The ability to earn income under the Isagenix Compensation Plan depends on many factors including an individual Associate's business, social, and sales skills; personal ambition and activity; availability of time and financial resources; and access to a large network of family, friends, and business contacts. Isagenix cannot and does not guarantee any particular level of earnings. Even Associates who dedicate a significant amount of time, effort, and personal funds may not achieve a meaningful level of success. PLATINUM RANK PROMOTION FAQ

Upon approval for re-entry, your new position begins as any other new Isagenix business would – at the level of Associate. Your Primary Position will not be affected and will function exactly the same way, linked yet independent of your new re-entry position.

Your re-entry position utilizes your entire Primary Position as its outside leg. Any subsequent new re-entry positions utilize both your Primary Position and previous re-entry position(s) as its outside leg. See the diagram on Page 5.

How do I become a Paid-As Consultant in my re-entry business?

To become a Paid-As Consultant in your re-entry, you need to accumulate 100 PV[†] and generate a minimum of 200 BV in total combined sales by any number of Personally Developed Customers and Associates from your latest re-entry team within the prior 30 days.

Can re-entry positions earn Rank Advancement Bonuses?

Absolutely. As your re-entry position grows, rank advancement milestones and all Rank Advancement Bonuses (RABs) work identically to that of your Primary Position. The re-entry position may earn Crystal recognition, RABs, and eventually, an additional re-entry position.

Is the Crystal Bonus available?

Yes, the Crystal Bonus program works and pays exactly the same as the Primary Position, with one exception in favor of the re-entry position. Rather than developing new Associates evenly on either side of the inside and outside legs, the new Personally Developed Associates may be placed at any interval between either the inside or outside legs.

Is there anything different I should know about the Team Builders Club and my re-entry business?

No, when it comes to the Team Builders Club, each position can earn this incentive independent of the other(s).

Do my re-entry positions count toward the Leader in Action promotion?

Leader in Action is based on the most recent re-entry account. Point totals for the Leader in Action promotion will be based on the re-entry position only.

*The 10 percent discount is applicable only at the World of Isagenix Stores at Celebration and New Year Kick Off events. You must make the purchase through your Business Center to receive the discount.

†Program rules are subject to change by Isagenix at any time without prior notice. Isagenix reserves the right to adjust or deny recognition or other awards to prevent or correct any attempts to circumvent the rules or to manipulate the program and to ensure the spirit of the program is achieved. Please review current bonus and promotional program rules and regulations in your Back Office.

‡PV (personal volume) can be accumulated from personal purchases (for personal use or retail sales) and from retail direct sales.
