

# ZIJA PRODUCT DISCONTINUATIONS

Since the Isagenix acquisition of Zija, both teams have been actively transitioning our two organizations with minimum disruption as possible. As part of this overall transition, we found a number of products that no longer fit with the overall direction and business strategy of Isagenix. After thoughtful consideration, we have decided to discontinue the following products and their related kits. When these products are no longer available to purchase, your Autoship order will be impacted. Please note that the listed timelines are suggestive and are subject to change depending on the demand of each of these products.

Our goal is to ensure that you have access to the highest-quality products available so you can continue to feel great and grow your business. Thank you for your patience and understanding during this exciting transition period!

## Product Discontinuations With 30 Days or Less of Inventory
