

XM+

XM+® combines the abundant nutrition of moringa oleifera with ingredients that provide natural energy and performance and boost your energy levels.

These days, it's harder than ever to live a well-balanced life. Sleep schedules, modern-diet deficiencies, and stress can lead to physical and mental fatigue. The need for increased energy is evident in the \$13 billion-a-year — and growing — energy drink market. Although many of these products provide a quick boost of energy, they lack a nutritional backbone and can result in a “crash.”

Nutrients are a key factor in our body's ability to access energy from both fat cells and the food we consume. As with all of Zija's products, we've left out the artificial ingredients, flavors, preservatives, stabilizers, and sweeteners present in other so-called “energy drinks.”

- Contains key ingredients that boost metabolism.
- Increases metabolic energy.
- Contains natural caffeine found in many plants, leaves, beans, and fruits.
- Delivers energy that is fast-acting and long-lasting.
