Cue the confetti! I'm so excited to be starting this!

After watching my friend, (tag Enrolling Sponsor), release/experience/have _____, _____, and _____ (describe his/her/their results) thanks to an amazing health and wellness system, I decided it was time for me to have my own experience! I am tired of feeling _____, _____, and _____ (it's OK to be vulnerable here!), and I can't wait to get started on changing that.

My system hasn't even arrived yet, but I'd love to have a couple of friends join me so that we can do this together, hold each other accountable, and make it fun! Who's up for looking and feeling their best?

I did something a little scary today.

I took my before photos, and I'm officially starting my new wellness system! I'm one step closer to feeling like the best version of me and I already feel good knowing that I'm putting quality nutrition in my body. Stay tuned as I share my experience and results with you over the coming weeks! Cheers to new beginnings!

Shake, shake, shake it up!

Just took my first sip of this shake, and oh my goodness, it is DIVINE! I almost had to do a double take at the nutrition label to make sure this is actually nutritious because it totally tastes like a complete indulgence. A fully macro-balanced meal with high-quality protein and vitamins sourced from whole organic veggies made with just water and ice in a minute flat. A milkshake for breakfast that's going to help me lose weight, gain energy, and feel great. I can't get over this!

You all are missing out!

All right, friends, I've been getting some questions about what the heck I'm doing and what this new nutrition is all about, so I figured I'd give you some answers and explain things a little more today. Head over to my stories to read some FAQ, see what goes into these shakes, understand how the system works, and learn what the Art of Wellbeing is all about.

Yay! Super stoked for my friend/family member/co-worker _____ (name here), to hop on board this health journey with me!

I just helped him/her/them order his/her/their products, and they're on the way. Shipping is super quick, and I'm pumped to have someone to do this with. I know he/she/they is/are going to love this just as much as I already do!

Here goes my first Cleanse Day!

I'm a little nervous, but I've been told this is what sets Isagenix apart from all the other trends and diets out there. This is what's going to help me get long-lasting results instead of just a quick fix, and I am ALL about that.

If you're interested in learning how this form of supported intermittent fasting works and what the benefits are, head over to my stories. I'm putting their cleanse support product to the test and seeing how much of a game changer it really is!

Well, I sure was excited for this bad boy this morning, but I'm here to report that I survived my first-ever cleanse!

Just wrapped up a back-to-back 48-hour fast, and WOW, I feel like a new person.

I'm not going to lie, the thought of fasting for 48 hours scared the heck out of me, but I honestly felt so nourished and satisfied the entire time because YOU GET TO EAT on Isagenix Cleanse Days! This whole fast focuses on supporting your body while it removes toxicity and stubborn fat while adding in nutrient-rich botanicals to keep your body nourished the entire time. In with the good, and out with the bad!

I was always terrified of cleansing because I thought it meant running to the bathroom all day, but this is NOT one of those types of cleanses. Cheers to a better way!

It's time for a wellness update!

I've only been using this system for _____ days/weeks, and I've already experienced _____, _____, and _____ (share the results of your work)! I'm so glad I jumped into this and said yes. The convenience alone has made this so easy for me, but getting results this quick has me so eager to see where I'm at by the end of my first month!

P.S. There's also a 30-day satisfaction guarantee, so if you're looking to get similar results, I can help you grab your own products, and you can try them out like I do

Holy moly, swipe right to check out these transformations!

Seeing transformations like these was what got me to finally jump on board and try this system out. These are all real people who have had results just like the ones I'm starting to experience myself. If that doesn't get you excited, I'm not sure what will.

If you're ready to start looking and feeling your best, I can help. I was skeptical and nervous just like you probably are, but goodness, I'm so glad I pushed that aside and just went for it. Message me if you're interested. I'd love nothing more than to help you achieve your own results photo!

Umm, this is so freaking cool!

1. I helped a couple of friends and family members order their own wellness products and start their systems so that they could start feeling just as good as I am.

2. Isagenix then paid me actual cash as a thank you for referring my friends to them

3. I was then able to buy/pay for _____ with it.

Like, what? How amazing is that? Helping people I love get healthy and feel good using a product that I'm loving is enough in itself, but now I get paid for doing it, too? So awesome!
