

ISAGENIX INTERNATIONAL, LLC NOT FOR RESALE POLICY

Isagenix is pleased to announce a Not for Resale program across Europe that allows European Isagenix Customers like you the opportunity to purchase products for personal consumption that are not currently available in your market.

So, what exactly is NFR, and how does it work? Glad you asked.

What is NFR?

An NFR product purchase is one made with the intent that it is for personal consumption only, and among other things mentioned below, may not be resold after purchase. In other words, it is extremely important when buying products on an NFR basis to understand that you are prohibited from reselling any Isagenix products bought on an NFR basis, such as in your gym or salon.. It is your responsibility to comply with applicable local laws.

Where can I find and/or purchase NFR products?

Visit your Associate Back Office and log in to order products as you normally would. Once in the Product Catalogue, toggle the button next to “Browse Catalogue” on the left-hand side to “NFR.” You will now be browsing all NFR products.

Why can't products be resold?

Each European country has a different regulatory model for health and wellness products and is governed by local laws and jurisdictions. All products require a local registration with the national health agency in order to be resold within a retail environment, which we will do over time with core products.

So, buying products across Europe on an NFR basis is OK?

European countries currently allows for personal use importations only to provide European citizens access to certain products that have not yet been reviewed and licensed by the individual European countries, as long as they are imported by a registered European company under European Union laws.

How much will shipping cost?

Any product purchased through the NFR program will be processed separately. The shipping cost for a product purchased through the NFR policy will vary country to country. Shipping costs are listed on the price located in your Associate Back Office.

To view the full NFR policy and guidelines, visit IsagenixCompliance.com. To order any of the above products or to inquire about pricing, please visit your Associate Back Office or call Customer Care CustomerServiceEU@IsagenixCorp.com.

To your health,
The Isagenix Corporate Team
