RECOVERY
product

Combines phytonutrients
and functional ingredients
including tart cherry,
turmeric, astaxanthin
and hydrolysed
collagen peptides for an
ideal post-workout drink

EXERCISE IS KEY FOR DEVELOPING MUSCLE AND GETTING BETTER RESULTS,

but the soreness and discomfort afterward can be hard to manage.

AMPED™ Post-Workout is here to make the most of the crucial time after your workout. It uses natural carefully selected ingredients targeted to help rebuild muscle and improve recovery.

PERFECT FOR:

- Individuals leading active lifestyles who are looking to improve their post-workout recovery.
- Anyone aged 16 years or older who is looking for a post-workout drink.

WHY AMPED POST-WORKOUT SHOULD BE ADDED TO YOUR ROUTINE

BODY RECOVERY

This post-workout product contains the right blend of ingredients to help improve muscle recovery and reduce muscle soreness after a workout.

MULTIFUNCTIONAL

Collagen is a key part of all connective tissues while tart cherry, turmeric, and astaxanthin aid muscle recovery after hard workouts.

COMPLETE NUTRITION SYSTEM

Post-Workout completes the ideal nutrition system for before, during, and after your workout to ensure your body is supported with what it needs during each phase. For more information on the benefits of these ingredients, see: <http://eu.isafyi.com/amped-post-workout-everything-you-need-to-know/>

For more information, contact your Isagenix Independent Associate:

A hand is shown pouring a bright orange powder from a small white scoop into a white plastic shaker cup. The shaker cup has the word "ISAGENIX" printed vertically in blue on its side. The background is dark and out of focus, showing a blue object, possibly a water bottle.

ISAGENIX
